

Kaltura Embed Media + Express Capture Tutorial

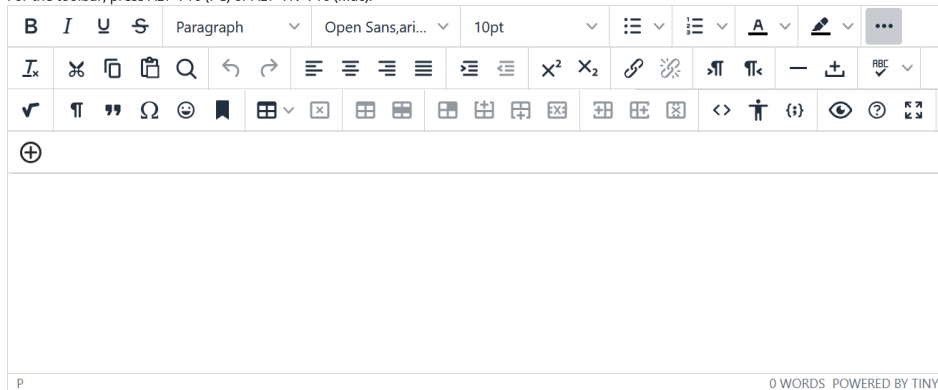

Introduction

In this guide, we will walk you through the steps to seamlessly integrate “Express Capture” Kaltura Videos into Blackboard content Items, including Discussion Board posts, Items, and more!

Directions

1. Open a content area in Blackboard. The content editor should appear.

For the toolbar, press ALT+F10 (PC) or ALT+FN+F10 (Mac).

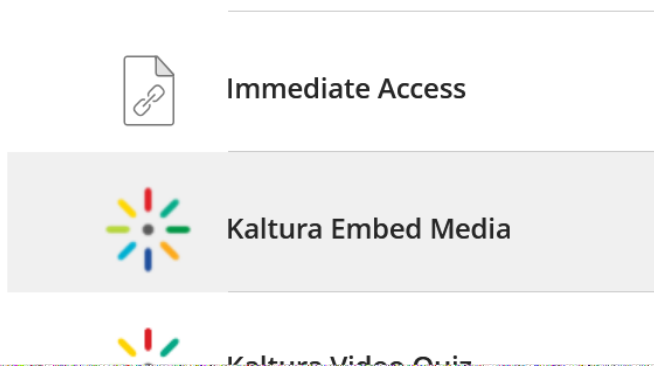

2. Click the “Add Content” button (looks like a plus sign).

The “Add content” menu will appear.

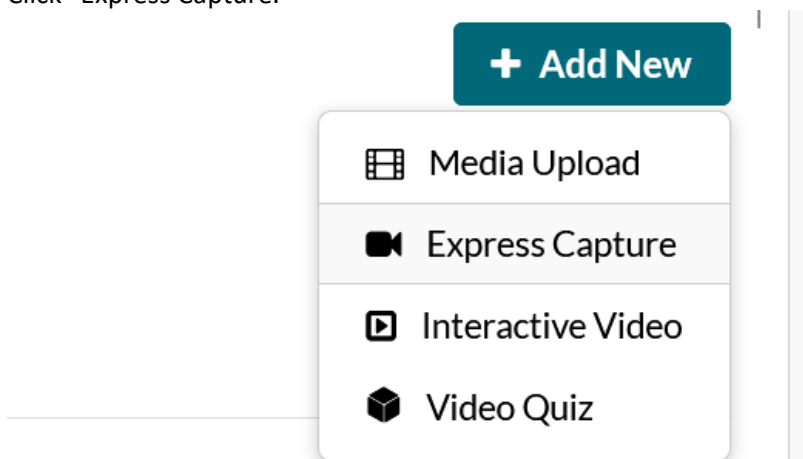

3. Scroll down to the “Additional Tools” section and click “Kaltura Embed Media.”

Add content

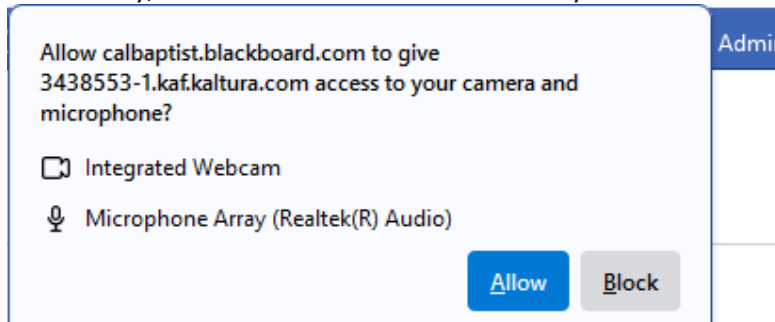

4. Click the “Add New” button in the upper-right.

5. Click “Express Capture.”

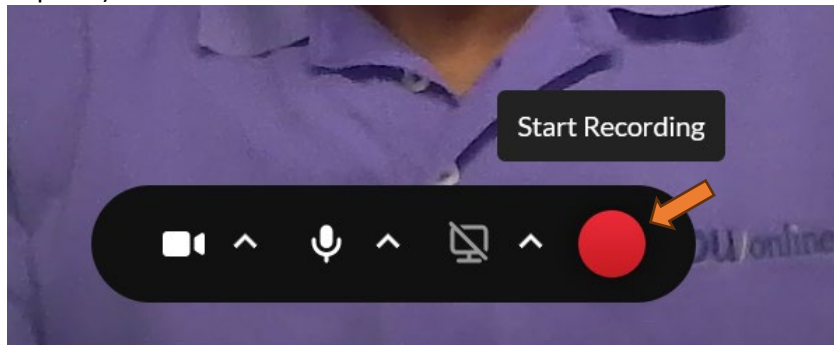

Note: Other options are available as well. We'll focus on “Express Capture” in this tutorial.

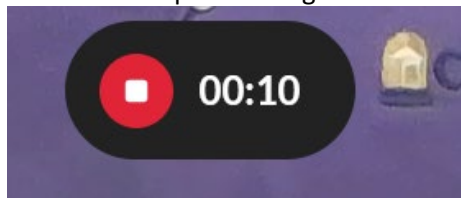

6. If necessary, click the “Allow” button to enable your webcam and microphone.

7. Click the “Start Recording” button to record using your webcam and microphone (Express Capture).

8. Press the “Stop Recording” button to end the recording.

9. Click the “Use This” button.

10. Type a Name for the video in the space provided.

Please fill out these details:

Name:

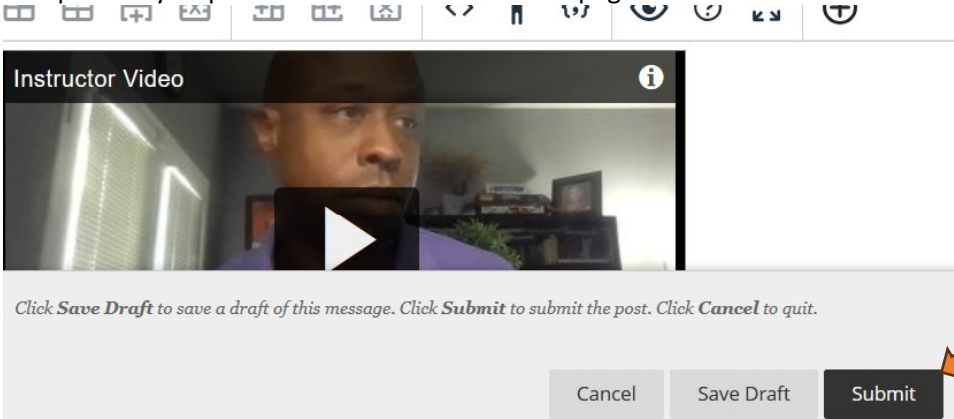

(Required)

11. Click the “Save and Embed” button in the upper-right corner.

You will be taken back to the Content Editor in Blackboard.

12. Complete any required fields on the Blackboard page and click the “Submit” button.

*Click **Save Draft** to save a draft of this message. Click **Submit** to submit the post. Click **Cancel** to quit.*

Cancel Save Draft **Submit**
