

Bachelor of Science in Software Engineering Course Flow Chart – 2021/2022 Catalog (124 Units)

v1.00 28 June 2021

-----> Corequisite ———> Prerequisite

* EGR 181 or MAT 115 prerequisite

** Corequisite of EGR 101 or EGR 102

† EGR 124 + AUTOCAD can be used in place of EGR 122

General Education

Unique to Software Engineering

Course offered only in specified semester

Course offered both Fall and Spring

Course taught OUTSIDE of the CoE

Cross Cultural Experience

Internship

Program Assessment

Note 1: You need a total of 124 units to graduate. Taking a 4 unit approved science counts as 2 elective units.

Note 2: If you have room for taking additional courses in a semester, please consider the numerous minors and graduate programs offered by the College of Engineering. Please consult with your advisor for detailed course planning, pre-requisites, and course authorization issues. The list of minors and graduate programs can be found at the COE website.
