Provider manages the on-campus food service program, campus catering services, and on-campus vending. The Student Services Office and Provider work closely together to create dining options that meet the needs of the CBU community.

Dining Options

Multiple meal plan options are available to residential and commuter students. Several on-campus dining locations provide a variety of food options ranging from cafeteria-style and cook-to-order to a just-in-time format. The hours of operation and menus for each dining location are available online at calbaptist.edu/dining. Individual meals may be purchased at all campus dining locations.

[The Alumni Dining Commons \(ADC\)](#) is located in the center of campus and is the main Residential Restaurant. Our "Composed Food" concept transforms the typical all-you-care-to-eat culture by artfully composing every plate, reminiscent of the feeling you have while visiting your favorite restaurant.

The concept is modeled after Spanish Tapas offering restaurant quality, small-plate presentations, in the all-you-care-to-enjoy format of Residential Dining. It encourages guests to explore and experience a variety of foods, offered in sample-size portions. We want you to taste our food and say, "Wow!! This is so good; I'm going back for seconds!"

Our Culinary Team works tirelessly to design menus that are fresh, delicious, nutritious, and served quickly--without losing customization.

Every plate is artfully composed "restaurant style" for eye appeal and beautifully displayed. A variety of plate shapes and serving vessels keep our presentations current with the food trends of the day. In addition to the seven Composed Food Stations, we offer a large Salad Station, homemade Soup Station, and Fresh Fruit Station featuring a rainbow of seasonal items. A 'Make Your Own Waffle' Station, Cereal Station and Beverage Station are also included. And don't forget to finish your meal with one of our hand-crafted desserts and top-it-off soft serve ice cream bar.

We invite you to come and watch the "art in action" as a symphony of ingredients are composed on each individual plate, right before your eyes!
